John –

Attached is the Monthly Progress Report for July. Jack Thorsen has had some technical difficulties with the Groundwater Water Level graphs. Which was my reason for delaying in sending this to you. He expects to have them rectified by next week. I will send them over as soon as possible.

Gerry & Bob:

The draft July RCRA Monthly Progress Report is attached for your review.

I am having trouble with the water level graphs, but will work on that tomorrow.

Please let me know if you have any questions or comments.
